EXPERIENCE

The Center for Research and Training on Substance Use-HIV at Hanoi Medical University

June 2026 – July 2026

MPH Practicum Intern, Global Health

Hanoi, Vietnam

- Conducting interrupted time series analysis of longitudinal program data from a Hanoi sexual health clinic to assess the impact of October 2025 PEPFAR funding terminations on PrEP enrollment and client retention among MSM
- Leading qualitative interviews with clinic staff to contextualize quantitative findings on service disruption, including changes to referral networks, outreach capacity, and care-seeking patterns
- Synthesizing findings into a formal report delivered to clinic leadership and program stakeholders at CREATA-H

The Water Institute at UNC

Sept. 2025 – May 2026

Work-Study Student, Healthcare Facilities Team

Chapel Hill, NC

- Coordinated end-to-end webinar production for two global Communities of Practice (combined 1,000+ members across 50+ countries), managing speaker outreach, Mailchimp campaigns, LinkedIn promotion, Zoom logistics, and post-webinar briefing note dissemination; drove a ~50-60% increase in WASH HCF webinar attendance through targeted communication strategy improvements
- Built the Circuit Riders Community of Practice from the ground up: designed and launched washcircuitriders.org on UNC-hosted WordPress (with accessibility compliance), grew the email subscriber base from 0 to 297, and established a bimonthly webinar series now running with strong attendance
- Produced recurring technical briefing notes synthesizing global WASH research and practitioner knowledge for distribution to a 1,000+ member international listserv and public knowledge base

FHI 360

May 2024 – Aug. 2024

Stanback Fellow, Research and Knowledge Management – WASH

Durham, NC

- Contributed to knowledge management and communications for the Global Handwashing Partnership, producing technical resources and donor-facing materials with partners including USAID, UNICEF, and the World Bank
- Supported development of the Just Ask Initiative, piloting AI-assisted microlearning tools to make hygiene evidence more accessible to field practitioners

United States Agency for International Development

May 2023 – Aug. 2023

Student Trainee, Bureau for Global Health – Office of HIV/AIDS (OHA)

Washington, DC

- Conducted compliance reviews for \$2M+ in HIV/AIDS subawards across 20+ country teams to ensure alignment with PEPFAR policies and USG regulations
- Supported implementation of global mechanisms (e.g., EpiC) by coordinating technical inputs for Country Operational Plans and KP-focused programming
- Contributed to design and rollout of OHA-wide orientation for incoming COP coordinators and medical officers, improving onboarding consistency across the Bureau

RESEARCH EXPERIENCE

Signature Work Thesis, Duke Kunshan University

Feb. 2024 - Mar. 2025

Bridging the Divide: Global Health and International Development Policy Priorities in the Trump and Biden Eras

- Analyzed 2,300+ USAID policy and program documents using machine learning-assisted topic modeling to compare global health and international development priorities across administrations
- Found significant divergence in priorities, with disease-specific bilateral programming dominant under Trump and multilateral engagement and reproductive health expanding under Biden
